Topic

Global Citizenship

A Global Citizen is someone who sees himself or herself as being part of an emerging world community and whose actions help define this community's values and practices.

Be a good human, learn things, live in the moment/be aware, stay curious, exude kindness, inspire, and get inspired, take note of different cultures, broaden your perspectives, embrace responsibilities of a global citizen.

Travel reminds us that we are global citizens and the role we should play for a better world.

Project

Use Technology to develop a Global Identity

Format Documentary in style of your choice – video, photo or essay journal, podcasts, etc.
